Profile

Founded in 1924 and headquartered in Redmond, Washington, Univar is a leading global distributor of commodity and specialty chemicals. In 2010, we generated \$7.9 billion in net sales from the distribution of approximately six million metric tons of chemicals. We are one of the world's largest independent chemical distributors, with a #1 market position in both the United States and Canada and a #2 market position in Europe. For more information, visit: <http://www.univar.com>.
