

Supply Planner

Location: Toronto, ON

What you will do:

- Purchase industrial chemicals at the best combination of quality, cost, supply and delivery
- Plan orders using MRP/DRP software to optimize inventory investment
- Monitor and improve inventory performance of stock items
- Complete costing/sourcing inquiries
- Co-ordinate with forecaster, customer service, sales and operations departments to obtain information on customer requirements and resolve issues
- May negotiate price and terms of contracts
- Work with suppliers to resolve product availability, service, quality, claims and pricing issues
- Other duties as required

What you will require:

- Bachelor's degree or College diploma in a related program and two (2) years specialized training (PMAC, APICS, or related work experience) is required
- Strong organizational, written and oral communication skills are required
- Must understand and practice customer service excellence and have strong organizational skills with the ability to prioritize in a dynamic environment
- The successful applicant must also demonstrate initiative, autonomy, ethics and the ability to analyze alternatives
- Candidates must possess advanced skills in Microsoft office (Word, Excel, PowerPoint, Access)
- Familiarity with ERP – MRP systems is an asset

We have:

- Competitive wages and great benefits
- A pleasant place to work with the best co-workers around
- Enjoyable company events throughout the year
- Training and education reimbursement programs

How do I apply?

Please send your resume and cover letter in Word or PDF format to toronto.hr@univarcanada.com and indicate the job title (Supply Planner – Toronto) in the subject line of your email. Please note that candidates are subject to background and reference checks.

About Univar

Univar Canada is the leading distributor of chemistry and related innovative products and services in Canada. We provide more chemical products and related services than any other company in the marketplace. Our wide distribution network, with locations coast-to-coast, helps guarantee fast, reliable service to Univar's customers.

Safety is our first priority, both the starting point and foundation for all aspects of our global business operations. Safe transport and storage of products, safe operational practices and safe working conditions enable us to protect our employees, customers, suppliers and the environment.
