Customer Service Specialist Agriculture Full Time

Location: Regina, SK

Univar Canada is the leading distributor of chemistry and related innovative products and services in Canada. We provide more chemical products and related services than any other company in the marketplace does. Our wide distribution network, with locations coast-to-coast, helps guarantee fast, reliable service to Univar's customers. Univar Agriculture strategically collaborates with leading agribusinesses worldwide to enable independent retailers across the country to provide integrated crop solutions to Canadian farmers.

We are looking for a Full time Customer Service Specialist to join our busy team.

Responsibilities:

- Creates and maintains strong customer relationships.
- Coordinates daily outbound logistics of trucks and operational team to fulfill customer orders.
- Prepares required shipping documentation.
- Communicate with clients and carriers.
- Data entry and minor accounting functions to support customer orders.
- Manages all warehouse inventory forecasting and stocking through customer demand.
- Aids Territory Managers with inside sales support.
- Assists in warehouse operations when needed.

Grow with Univar Solutions

Qualifications:

- A person with strong organizational ability is detail oriented, with the ability to handle a fast-paced work environment.
- Has a good understanding of the agriculture industry and/or a background in agriculture.
- Comprises excellent verbal and written communications skills.
- Ability to solve problems efficiently and remain calm under pressure.
- Self-motivated and driven to work in a team environment.
- Outgoing personality; high energy; flexible.
- Great attitude and desire to work hard while having fun.
- This is an exciting opportunity for well-organized self-starters with excellent interpersonal skills who enjoy a dynamic, fast-paced environment.

Safety is our first priority, both the starting point and foundation for all aspects of our global business operations. Safe transport and storage of products, safe operational practices and safe working conditions enable us to protect our employees, customers, suppliers and the environment.
