

Environment, Health & Safety (EHS)

Representative

Location: Calgary, AB

Job ID Number: EHSC1908

At Univar Solutions, we believe our culture is second to none. Imagine the stability of a multi-national corporation, with the comradery of a start-up. We foster a friendly, welcoming, high-performance environment where every idea and initiative is given the respect and attention it deserves. We're proud to offer our employees:

- Competitive salaries
- Comprehensive Medical/dental benefits
- Industry leading pension plan
- Bonus opportunities
- Paid training and development programs at every level
- Global career advancement and mentoring opportunities
- Education allowance

Our team is successful due to our mix of diverse backgrounds, education, experience and careers, and we are proud to be included on the Alberta Top 75 Employer list and a recipient of Canada's Safest Employer award!

About the position

Reporting to the **EH&S Director Canada**, the EHS Representative is a key member of our Environment, Health and Safety team which enables our Calgary Branch to meet our safety, health and environment goal by providing the educational and informational resources and support to guide team members in their day to day activities. If you are looking for a challenging role in a team orientated environment and a fast paced company this is the job for you!

What you'll do

- Handling and communication of applicable government legislations; participates in maintaining branch compliance;
- Provides guidance and acts as a resource for leadership/management, the Joint Health & Safety Committee and all Univar employees in order to understand their roles and responsibilities in strengthening Univar's safety culture;
- Guides, directs, and participates in all aspects of EHS risk assessment and in Univar's certifications (ISO, COR, Responsible Distribution Canada, etc.);
- Responsible for the local emergency response plans and is the regional Technical Advisor for the national Univar Emergency Response Assistance Plan (ERAP) Team and as such is on call 24/7;
- Handles and communicates Univar EHS Policy and procedures;
- Conducts compliance audits internally and externally at contractors and customer sites as necessary, and aids with corrective actions/ recommendations;
- Resource and guidance for incident investigation. Part of the incident management, reporting and tracking process;

- EHS resource for product approval process of products stored and handled in the facility, and approvals of suppliers and contractors used by the facility;
- Conducts EHS training as appropriate (New Hire Orientation, TDG, WHMIS, etc.);
- Reports trends and opportunities to branch/corporate EHS management;
- Support to regional management in setting and attaining EHS goals;
- Aids in regional implementation of national EHS programs;

What we would like from you

- Post-secondary education in Occupational Health and Safety;
- You will possess your Canadian Registered Safety Professional (CRSP) certification, or working towards it;
- Knowledge of regulations, such as Transportation of Dangerous Goods, Workplace Hazardous Materials Information System and Occupational Health and Safety;
- 3-5 years experience in EHS is preferred;
- Experience in the chemical distribution industry preferred, but not required;
- Ability to understand the implications on our business from decisions and actions taken;
- Strong interpersonal and communication skills;
- Must be flexible to travel. In this job, the candidate will be responsible for sites in Southern Alberta;

What do we do?

Univar Solutions is a leading global chemical distributor of industrial and specialty chemicals, food ingredients and related products and services. Our wide Canadian distribution network, with locations coast-to-coast, helps guarantee fast, reliable service to Univar's customers. Across North America, Europe, the Asia-Pacific region, and Latin America, our nearly 9,000 employees serve over 100,000 customers, representing nearly every major industry and a highly diverse set of end markets.

Safety is our top priority, the foundation for all aspects of our global business operations. Safe transport and storage of products, safe operational practices and safe working conditions enable us to protect our employees, customers, suppliers and the environment.
