Production Supervisor (Hervo) Agriculture Full Time

Location: Winnipeg, MB (Hervo location)

Univar Canada is the leading distributor of chemistry and related innovative products and services in Canada. We provide more chemical products and related services than any other company in the marketplace. Our wide distribution network, with locations coast-to-coast, helps guarantee fast, reliable service to Univar's customers. Univar Agriculture strategically partners with leading agribusinesses worldwide to enable independent retailers across the country to provide integrated crop solutions to Canadian farmers.

Future Transfer, part of the Univar network, is a leading national provider of industrial warehousing, production, logistics and distribution services for the agricultural industry. Future Transfer is a full-service industrial warehousing solution that provides dedicated transportation services, as well as a complete range of streamlined production services; including labelling, repackaging and custom bulk blending. Future Transfer has close to 1.5 million square feet of warehouse space across Canada, with locations meeting and exceeding industry standards including Agricultural Warehousing and CropLife Canada Standards.

We are looking for a Full time Warehouse/Production Supervisor to join our busy team.

Responsibilities:

- Ensure staff have adequate work during the course of the day
- Ensure that when tasks are assigned they are completed and done correctly
- Determine needed supplies and equipment
- Detect faulty operations, defective material and report those and any unusual situations to proper management
- Assist in the development and implementation of work instructions and continuous improvement
- Ensure that all equipment is kept in a safe operating manner. Ensure that battery, water and fuel levels are within specified operating guidelines on the following equipment: Forklifts, Floor Scrubber, Electric Pallet Jacks, all pumps and hoses
- Submit all daily, weekly and monthly reports to Site Manager

Responsibilities continued:

- Ensure that staff are always wearing appropriate PPE
- Maintain a clean, organized and safe environment for all staff
- Report any and all equipment damages, malfunctions or safety hazards
- Ensure daily housekeeping standards are met
- Ensure that adequate PPE is readily available and supplies are well stocked
- Matching BOL to physical shipment
- Ensuring physical inventory is accurate, performing random audits on inventory
- Maintain a clean, organized warehouse by implementing daily housekeeping habits
- Ensure FIFO standards are being used

Qualifications:

- Strong knowledge of workplace safety and safe lifting and handling procedures
- Experience operating various types of packaging and formulation equipment
- Strong attention to detail
- 5S/Lean Manufacturing knowledge, considered an asset
- Ability to work in a team environment that is constantly working towards improving its processes and procedures
- Demonstrate good organizational skills
- Ability to lift 50 lbs
- Manual dexterity
- Mechanical aptitude considered an asset.
- Overtime as required

Safety is our first priority, both the starting point and foundation for all aspects of our global business operations. Safe transport and storage of products, safe operational practices and safe working conditions enable us to protect our employees, customers, suppliers and the environment.
