Products & services for the  
oil & gas industry

# Univar Oil & Gas

Univar offers product-based solutions to meet the needs of the oil and gas industry and is uniquely positioned to provide support and process analysis across multiple applications. Representing the world's premier chemical manufacturers, we combine technical expertise that's unparalleled in chemical distribution with logistical excellence and reliable, secure supply to serve the refining, natural gas, chemical / petrochemical, and SynGas industries.

We are the exclusive distributor for several premier manufacturers and service providers, and we represent the largest channel to market for many of our suppliers.

A sampling of our supplier partners includes:

- Dow Chemical
- ME Global
- Methanex
- Norit Americas
- Porocel
- Zeochem

## Technical Services

With experienced and reliable technical support for natural gas processing, Univar provides advice, trouble-shooting, and training to maximize operational efficiency and product life time. Technical service programs can be customized to provide value through reducing operational costs and optimizing production.

### Regular sample analysis

- Amines, glycols, heat transfer fluids and activated aluminas are managed at our lab or at a designated supplier lab. Average turnaround time of 7 – 10 days
- Rush analytical work within 48 hours
- Custom analytical work upon request
- Results accompanied by recommendations
- Long-term data trending available

### Sample analysis & reporting

- Amines
- Glycols
- Heat transfer fluids
- Activated alumina

### Plant simulation and design work

- MEA, DEA and MDEA based products (UCARSOL™)
- Activated alumina
- Molecular sieves and silica gels
- Activated carbons
- Heat transfer fluids (low and high temperature)
- Specialty catalysts and support media

### On-site product seminars and training courses

- Dehydration and refrigeration
- Gas sweetening
- Antifoam uses
- Heat transfer fluids
- Chemical safety and handling
- Specialty lubricants

**CHEMCARE**  
Part of the **Univar** Network

*Univar's ChemCare® program offers customers a complete solution to waste management and recycling technology needs. ChemCare's unparalleled financial indemnification program protects customers from the moment waste is picked up from their facilities.*

# Featured Products

Whether your company is involved in exploration, production, or oilfield services, Univar has strategically placed resources connecting you to a powerful, global supply chain.

## By function

### Adsorbents

Activated alumina  
Activated carbon  
Ion exchange resins  
Molecular sieves  
PSA adsorbents and technology  
Silica gels

### Commodity chemicals

Calcium chloride  
Caustic potash  
Caustic soda  
Isopropyl alcohol  
Methanol  
Potassium carbonate  
Sulphuric acid

### Dehydration / refrigeration

Activated alumina  
Glycols (EG, DEG, TEG, Tetra)  
Molecular sieves  
Silica gels

### Gas sweetening

Amines (MEA, DEA, MDEA, DIPA)  
H<sub>2</sub>S scavengers  
SELEXOL™  
Sulfolane  
UCARSOL™ solvents

### Heat transfer products

AMBITROL™  
DOWFROST™  
DOWTHERM™  
Heat transfer oils  
NORKOOL™  
UCARTHERM™

### Hydrate control

Glycols  
Inhibited methanol (corrosion & hydrate inhibitor)  
Methanol  
Vanblend hydrate breaker

### Lubricants

Gas turbines  
Rotary screw compressors  
Synthetic lubricants  
Triplex pump lubricants

### Specialty products

Activated bed support  
Antifoams  
Ceramic bed support  
Chelants  
Chlorine guards  
Claus catalyst  
Corrosion inhibitors  
DMS, DMDS, DADS  
Foaming agents  
Fuel additives  
O<sub>2</sub> Scavengers  
Odorants  
Potassium acetate  
Sulfur guards  
Sulphur solvents  
Tower and vessel packing (bed support, topping and grating)
